The "**International Organization of Glutaric Acidemia**" is a non-profit organization dedicated to helping children with rare disorders. Our mission is to enhance early detection, prevent neurological damage of those effected by metabolic disorders and repair brain damage.

The proceeds raised from the event will continue to benefit research and therapies to treat Glutaric Acidemia (GAI), Parkinson's, Stroke, Huntington Disease and Traumatic Brain Injury.

Please join us on September 28th! We hope to see you at Mr. Palmer's Country Club for a great golf experience, at the same time, fight these rare disorders.

To Better Health,

Cay Welch & Mike Metil

Co-Chairmen
